The Michigan Constitution as well as the U.S. constitution makes clear that judges are not to make laws but are to up hold them.why is the Michigan Supreme Court considering taking steps that would effectivele change the law by denying Michigan asbestos disease victims their right to a jury trial. And another thing is that it seems that the Michigan and the Michigan Supreme Court are being used as tools of the asbestos industry and big business to deny working people their constitutional rights to a jury trials whem harmed by corprate misconduct.
